67 - 77A A 30

CONTENTS

SECTION B—VOL. LX

PAGE

No. 1—July 1964

A Physico-Chemical Analysis of Ripe, Unspawned Eggs of Some Freshwater Teleosts . . . . . Rehan Hasan and A. K. Jafri 1

Effect of Superparasitism in *Bracon gelechiae* Ashmead . . M. J. Chacko 12

Palynological Studies in Some Non-Commercial Citrus Varieties . V. S. Motial 26

Studies in the Family Saxifragaceae. I. A Contribution to the Morphology and Embryology of *Saxifraga diversifolia* Wall. . . . . N. P. Saxena 38

Embryological Studies in Asclepiadaceae. . . . . H. Maheswari Devi 52

On the Multiseptate Trichosclereids in the Genus Scindapsus . T. Ananda Rao 66

The Age of the Pakhals of the Godavari Valley . . T. Ramamohana Rao 70

No. 2—August 1964

Notes on Fungi from North-East India. XXIV. *Sadasivanella* A New Genus of Sphaeropsidales from Assam. . . . . V. Agnihothrudu 81

Studies in the Embryology of the Leguminosae. II. Embryo Development in *Aeschynomene aspera* Linn. . . . . A. T. Kapuskar 87

On the Latex-Cells and Latex of *Jatropha* . . . . . A. R. Rao and Manju Malaviya (Miss) 95

The Anatomy and Histology of the Alimentary Canal of a Carnivorous Fish *Megalops cyprinoides* (Brouss). . . . . S. M. Kamal Pasha 107

Rhizosphere Microfloras of *Dolichos* Infected with DEMV . . . . . (Miss) M. Lakshmi-Kumari 116

Description of a New Species of Digenetic Trematode (Fam.: *Didymozoidae*) and Some Histochemical Observations on the Same . . . . S. V. Job 128

Studies of Plagioclase Twinning in the Anorthosites of Oddanchatram, Madurai District, South India . . . . . P. Narasimha Rao 135

Observations on Nitrogen-Fixation by Some Blue-Green Algae and Remarks on Its Potentialities in Rice Culture . . . . . R. Subrahmanyan and M. N. Sahay 145

On the Occurrence and Mineralogy of the Manganese Ore Bodies of Eklingji, Udaipur District, Rajasthan. . . . . M. A. Khan 155

PAGE

No. 3—September 1964

The New Physiology of Vision. Chapter I. Introductory . . . . . Sir C. V. Raman 163

The New Physiology of Vision. Chapter II. Visual Sensations and the Nature of Light . . . . . Sir C. V. Raman 167

Preliminary Observations on Chinese Carps in India . . . . . K. H. Alikunhi and K. K. Sukumaran 171

Occurrence of Sulphide Minerals in Marbles Associated with Granitic Rocks Around Chando, Palamau District, Bihar . . . . . Ananda Deb Mukherjee and Nirendra Bhaumik 189

Studies in the Family Saxifragaceae. II. Development of Ovule and Megagametophyte in *Parnassia nubicola* Wall. . . . . N. P. Saxena 196

On the Anatomy of Teratological Seedlings. III. *Tagetes erecta* Linn. . . . . M. L. Banerji 203

Morphological and Anatomical Studies in Helobiae. I. Vegetative Anatomy of Some Members of Potamogetonaceae . . . . . V. Singh 214

Cytological Studies in *Caesulia axillaris* Roxb. . . . K. V. Jitendra Mohan 232

No. 4—October 1964

The New Physiology of Vision. Chapter III. Corpuscles of Light and the Perception of Luminosity . . . . . Sir C. V. Raman 241

Diurnal Rhythm in the Rates of Oxygen Consumption, Locomotor and Feeding Activity of Yearling Atlantic Salmon (*Salmo salar*) under Various Light Conditions . . . . . M. A. Ali 249

The Heart of *Suncus murinus* . . . . P. N. Mathur and S. C. Bhargava 264

Studies on Aspergilli. XVI. Utilization of Oligosaccharides . . . . . V. P. Agnihotri 273

Studies on Sandal Spike. Part VI. A Study of the Amino-Acid Make-Up and Some Organic Acids of Sandal (*Santalum album* L.) in Health and Disease . . . P. K. Ramaiah, D. R. C. Babu and P. S. Rao 281

On the Degeneration and Regeneration of Optic Nerve Fibres with Return of Vision in *Danio rerio* (Ham.) . K. K. Tandon and Sansar Chand Sharma 287

Role of Blue-Green Algae and Different Methods of Partial Soil Sterilization on Rice Yield . . R. Subrahmanyan, L. L. Relwani and G. B. Manna 293

PAGE

No. 5—November 1964

The New Physiology of Vision. Chapter IV. Corpuscles of Light and the Perception of Form . . . . . Sir C. V. Raman 299

The New Physiology of Vision. Chapter V. Corpuscles of Light and the Perception of Colour . . . . . Sir C. V. Raman 304

A New Haplosporidian Parasite, *Coelosporidium schmackeriae* from the Body Cavity of a Marine Copepod *Schmackeria serricaudata* . . . . . P. N. Ganapati, C. C. Narasimhamurti and K. Shanthakumari 309

Studies of Forms of Aphelinidae (Hymenoptera—Chalcidoidea) Collected at Aligarh (India)—II . . . . . Man Mohan Agarwal 315

Purple Blotch Disease of Onion in Punjab. I. Its Occurrence, Pathogenicity and Host Range . . . . . V. R. Pandotra 336

Mineragraphic Studies of Disseminated Bodies of Magnetite in Granite-Pegmatite at Nawadiha in Hazaribagh District, Bihar . . . . . Ajoy Lal Mukherjee 341

Chromosome Numbers in Some Indian Angiosperms—I . . . Mohinder Pal 347

Studies on Seeds with Ruminate Endosperm. V. Seed Development and Rumination in Two Genera of the Rubiaceae . . . . . K. Periasamy 351

No. 6—December 1964

The New Physiology of Vision. Chapter VI. Vision in Dim Light . . . . . Sir C. V. Raman 361

The New Physiology of Vision. Chapter VII. The Perception of Colour in Dim Light . . . . . Sir C. V. Raman 367

Fruit-Set Studies in Sweet Lime . . . . . V. S. Motial 371

Morphological and Anatomical Investigations on *Artocarpus* Forst. IV. The Fruit . . . . . M. R. Sharma 380

Spontaneous Chromosome Breakage in *Aloe barbadensis* Mill. . . B. L. Kaul 394

A Further Contribution to the Endosperm of the Cucurbitaceae . . . . . Dalbir Singh 399

On the Morphology and Anatomy of *Tectaria cicutaria* (L.) Copel. . . . . Prem Khare (Miss) 414
